4.3.5 details of library learner session program conducted organized

The details of methods for accessing the books, journals and other learning sources are delineated to both the staff and the students in learner sessions held every year in the month of September for the undergraduate students. However for the staffs, the sessions programs are held as and when new staffs join the institution and are clubbed into small groups. The program elaborates the rules and regulation of the library and the research material available. It also explains about the procedure of handling e - journals and the software. The DELNET representative has visited in the year July 2016, July 2017 and July 2018 and given teaching learning sessions about the user id and password information. Sessions were highlighted with E-books and other database search.
