VOTER'S DAY

In order to encourage more young people to take part in the political process, our institute took responsibility and conducted voter education programme on January 25th to create voter awareness programme among students. It is celebrated every year with a particular theme. It not only encourages the youth to participate in the electoral process but also focus that the right to vote is the basic right. Every citizen has the right to vote. Students at our institute were educated about the importance of voting.

INTERNATIONAL WOMEN'S DAY

International Women's Day is a worldwide event that honours women's social, economic, cultural, and political achievements. The day also serves as a call to action for achieving gender parity sooner rather than later. Globally, there is a lot of activity as people join together to celebrate women's accomplishments or to fight for women's equality. International Women's day conducted every year. As a part of this program, various screening tests are conducted for faculties and students on March 8th.

1– International Women's Day 2016 - Debate on "Women freedom".

International Women's Day was celebrated on 8th march 2016. The theme of International Women's Day was "Re-Thinking Women's empowerment and gender equality in 2016 and beyond". Two teams participated in this debate with three members in each team of both genders. The topic for debate was "Women freedom" and 60 students attended. This program was organized to alleviate misconceptions of women freedom and to empower the current generation to lead a life without gender discrimination.

3 - International Women's Day- Program on "Women health" with a Role play on "Women empowerment & Self-defence"

World women's day was celebrated on March 8th, 2018 by Department of Public Health Dentistry. A speech regarding nutrition and health was given to 140 students and a session on basic Yoga Asana was conducted. Students from our institution participated in the skit depicting the theme of women empowerment & self-defence. Mr. M. Subrmanian MLA was the chief guest for the program and he distributed the gift to the participants.

4 -Role play on "Gender discrimination"

Gender discrimination sensitization programme was conducted on April 20th, 2018. There was a role play by the students in the concept of creating awareness about gender discrimination. The students in the society and work place were well depicted in this role play. The programme was attended by 50 students.

7 - International Women's Day - "Stress Management for Women"

International women's Day was celebrated on 11th, 12th 13th of March 2019 in our Institution. A health education programme for women was conducted involving

CRRIs. A role play was performed by dental students depicting "Women's role in society and home". Faculty from Department of Oral medicine discussed on "Stress Management for Women". The content of the discussion included the definition of stress, types, prevalence among women and in student population and factors that predispose, precipitate and perpetuate stress among women. 302 members participated in the event.

8 - Debate on "Importance of women's role is more for family or society (in Tamil)." .

We have conducted a programme on 13th March 2019 to create awareness and to stress the importance of women in the formation and upbringing of family and society. Based on this concept we conducted a debate among the students for the theme of "Is role of women more important for society or the family". The debate was judged by three senior Professors from our Institution. The programme was well attended by faculty and students. 302 members participated in the program.

WORLD NO TOBACCO DAY

World no tobacco day was conducted to educate the public about the dangers of tobacco and the commercial tactics of tobacco companies. Every year, May 31st public awareness pamphlets are distributed to all nearby villages and explained about the ill effects of tobacco usage on the body and on the oral cavity. Our students are very much interested to explain through skits, anti-tobacco counselling interaction and other activities.

WORLD ENVIRONMENT DAY

World Environment Day provides a global platform for positive change to be inspired. Individuals are encouraged to think about how they consume; businesses are encouraged to develop greener models; farmers and manufacturers are encouraged to produce more sustainably; governments are encouraged to invest in environmental repair; educators are encouraged to inspire students to take action; and youth are encouraged to build a greener future. On June 5th every year, we used to celebrate world environment day in our campus. As a part of the program, the faculties and students take part in planting trees thus initiating our “KIDS go green initiative”.

Awareness created among students about saving rain water and our principal planted trees and programs conducted regarding saving rain water.

Various competitions were conducted among students.

SWACHH BHARAT PROGRAM

The Swachh Bharat Abhiyan is the well known cleanliness campaign conducted by the Government of India. The Clean India Mission was launched by the Indian government in 2014 to eliminate open defecation and improve solid waste management across the country. Our institute conducted program for swachhbharat aims to achieve the vision of a 'Clean India' by 3rd October 2019. The swachhbharat program conducted in our institute on 3rd October and our students actively participate to educate the benefits of swachhbharat to the general public and the patients. They formed long human-chains and spread the awareness to cover a large audience.

WORLD ORAL HYGIENE DAY

World Oral Health Day is celebrated every year on 20th March. Consequently, Department of Periodontics, KarpagaVinayaga Institute of Dental Sciences planned to celebrate the world oral hygiene day at nearby Government school and it also provides an ideal platform to raise awareness and encourage commitments and action to promote good oral health. By leveraging thoughtfully coordinated efforts at the local, national, and global levels, the voice of the oral health community can be amplified.

WORLD ORAL CANCER DAY

Oral cancer awareness month is observed in April by a coalition of oral health organisations to raise awareness about the disease's incidence and the necessity of early detection in increasing survival rates. The students were educated about the general public about the myths and etiology related to cancer, its treatment, and its causes. They formed long human-chains and spread the awareness at traffic-signals to cover a large audience.
