## CONSOLIDATED REPORTS ON INFORMATION ON EXAMINATION REFORMS

The university has made various reforms in last 5 years in conducting examination and evaluation. The Internal assessment and attendance details are sent via online portal of the university. The examination fees are displayed in the institution portal and the exam fees is paid through NEFT/RTGS before the due date. Hall tickets are downloaded from the portal.

The examination halls have CCTV cameras, metal detector and mobile jammers. The downloading of question paper is fully automated, where the chief superintendent logs into the university website portal, 15 minutes before the exams.

The CCTV cameras and jammers are switched on 30 minutes before the examination. The question papers are downloaded exactly 15 minutes before and are photocopied as per the required numbers. Every institute has to record details of activities of the examination hall 30 minutes before the commencement of exam till the packing and sealing of the answer books bundle is over. Recorded CD is sent to the parent university on the same day along with the answer books bundle. Online assessment of the answer books is a recent reform to bring out more transparency in assessment and evaluation.
